timber replacement...*

*Choose a style that is  
perfect for your home...*

## Casement Windows

Casement windows, by far the most popular British window style, are available in a multitude of options, perfect for any residence. Casement windows are an ideal choice for direct timber replacement. The wide selection on offer enables you to choose the style that is perfect for your home. Choose top or side openers, or incorporate both. Have you ever considered a bow window or a bay? How about stained or patterned glass? Leaded or Georgian panes? The choice is almost limitless.

We hope the range of installations on these pages will show you some of the possibilities on offer. We are always happy to give professional advice on window styles, although the final choice is of course yours.

*the distinctive style & flair  
of a continental window...*

## Tilt & Turn Windows

The very distinctive style and flair of a continental window, offering a chic appearance and combining ventilation with excellent security.

Tilt and Turn windows offer the easy cleaning facility of being inward opening, allowing both sides of the glass to be cleaned from inside your property.

*stylish  
a distinctive range of top  
quality doors  
secure panelled*

## Residential Doors

A distinctive range of top quality doors giving an operation as smooth as silk and a long, trouble free life. There are literally dozens of design options to choose from including fully glazed, half glazed and panelled. You can choose glass which is frosted, patterned or stained. Your doors can be inward or outward opening and can be fitted with a wheelchair friendly threshold if required.

All door profiles and mid-rails are specially designed to present very attractive sight lines in your home and to suit the majority of high security locking systems.

*the perfect way to  
give your house a  
secure feeling of space...*

## Patio Doors

Designed to link your home with a vista or garden, our patio doors are the perfect way to give your house a feeling of space.

When opened they allow free access from either room to room or room to garden, and provide the perfect way to link your house with a conservatory. When closed they allow you to fully enjoy the view throughout the year whilst keeping the elements outside.

Our patio doors are available in 2, 3 or 4 pane options, and offer super smooth operation.

*available in a wide variety  
of styles & glazing options...*

## French Doors

French doors help link your home with the outside allowing you to enjoy your garden or view whilst retaining a more traditional look for your property.

They nearly always give more access than normal doors, perfect for barbecues and entertaining, or when the children are running in and out of the house on summer days.

These robust doors are available in a wide variety of styles and glazing options including stained, patterned or frosted glass, with the option of diamond or square leading.

# Information

We understand that replacing the windows and doors in your home can be a major investment and one that shouldn't be entered into lightly.

However, we are confident that by combining the industry leading Eurocell Windows System with our own dedication to customer satisfaction and quality installations, you could not choose a better company than our own to install low maintenance PVC-U windows in your home.

Talk to us about taking your visions for your home further. We guarantee you won't be disappointed.
